get in  
gives him a stern lecture  
gives him a talking to

is he  
doing the right thing  
by adopting a strict approach  
will it ultimately benefit.

has done a brilliant job  
deserves a credit  
did so well until the finish  
been given the benefit of the doubt

taking no chances here  
pull it out  
then push back in  
welcomed to come in  
and expand the glory

taking no chances here  
pull it out  
then push back in  
then thrust  
thrust  
thrust  
irrigate the womb

can he weather the storm  
receiving needed portion of whipping  
having to withstand heavy pressure

seems unable to cope  
at the moment  
inevitable loss is on the cards

he's in all kinds of trouble now  
can he salvage anything  
from the game

glimmer of hope  
aggravation

cancelling each other out

there's no rush  
to take the kick  
keeping eyes  
on the prize
