It was just another fantasy
made in virtual reality
By the sensors you enjoyed the game
See the tragedy the whole thing became

The machine took your mind away
from its mortal frame
'cause to live in a human way
has become its aim

Face the void
Prepare for the fight
Victimized
by cruel megabytes
Feel the cybervoid
Against the machine cycle time you race
Data curse your soul
You're lost in cyberspace
with no control

Face the void

Prepare for the fight
Victimized
by cruel megabytes

Direct access to madness
through permutation

Cybervoid
The machine will curse your mind
You're left separated from mankind

Cybervoid
The machine has made you blind
You're dream of a lifetime left behind

You have lived in a fantasy
but the dream's destroyed
Your spirit is doomed to roam
in the cybervoid

Face the void
Prepare for the fight
Feel the cybervoid
