clinging to your soul
They reach you from far
Sucked onto a hole
Resisting is war

The unwanted trip begins

Off beam, bedevilled
You're struck by mystery
The meaning of this remains out of sight

What is it all in aid of?
Estranged and wandered
abstruse, this state is recondite

Dark blurs in the waving space
Negative undulations in the light
Time to face a shapeless race
fluid spectres you will have to fight

Intricate
Estranging intromission
Highly confused

estranging obscuration

We are now returning to the matter
Far away, we're in another world

We are now returning to the matter
Far away, we're in another world

Yonder is hiter
But you know you're elsewhere
Somewhere you have never been

What is it all in aid of?
What is this?
Something your eyes have never seen

Dark blurs in the waving space
Negative undulations in the light

Time to face a shapeless race
fluid spectres you will have to fight
