Now nothing is gonna be the same
From this day forward
Now nothing is gonna be the same
From this day forward

Adrift among its existence
It starts to rise
Emphatic endeavour to be
Intensified

Distant proximity
Of a new energy
Seeking integrity
It's time to let it be

Darkness is the sight
This black wall
Hides a power that will never
Draw back

Potential paragon
Strange phenomenon

Absolute form of life
Full capacity

Adrift among its existence
It starts to rise
Emphatic endeavour to be
Intensified

From this day forward
nothing is gonna be the same
From this day forward
nothing is gonna be the same

Transfer of the energy
Renewal of vitality
Revival of the will to be

Transfer of the energy
Renewal of vitality

Revival of the will to be
