Cold, cold kingdom of ice
Bring me the sun
Cold, cold kingdom of ice
Bring me the sun

I made a kingdom in wich i am the king
The king of ice and frozen drops of emotions
I made a rampart, a chilling shield
Once protection, now just a cruel isolation

Frosted avowals
Sad revelations through the ice

Frosted avowals
Sad revelations through the ice

No love can penetrate my icy fortitude

Now i have to declare my painful solitude

I made a realm in which i became a slave
My frosted eyes are dropping their tears in darkness
My heart is cold, for love i crave
Break the ice, heat me with a warm caress

Cold, cold kingdom of ice
Bring me the sun
Cold, cold kingdom of ice
Bring me the sun

Bring me the sun
