### "Redeemed"

Open your eyes and see what's going on  
Have you even heard about the risen son  
Don't you know the meaning with your life  
I will tell you now and again, and again, and again

You're no longer enslaved  
The power death enslaved

Come and believe  
Come and believe

Jesus is the only way to life  
His words are sharper than a knife  
He has made you redeemed  
Made you redeemed

You're no longer enslaved  
The power death enslaved

Come and believe  
Come and believe

Redeemed from mortal sin  
Redeemed from mortal death  
Darkness no longer lives within  
Cause you are free from it

You're no longer enslaved  
The power death enslaved

Come and believe  
Come and believe
