

Obliveon "Sombre Phase"

Visit "[Sombre Phase](#)" on MotoLyrics.com

In spite of all the things I do
to kill my memories of you
I never really found a way
to throw the grief away

I know time could never really heal
all the pain you've made me feel
So all the grudges I've concealed
will now be revealed

Vain, all is vain
Vain, all is vain
Pain will remain

I am about to close the door
I will care for you no more
But I cannot just clear my head
and leave it all unsaid

I can't escape this sombre phase

No matter how i live my days
They say the road to peace is forgiveness
Forgive me, I couldn't care less

Vain, all is vain
Vain, all is vain
Pain will remain

In spite of all the things I do
to kill my memories of you
I never really found a way
to throw the grief away

To your gates now i must return
before we make the bridges burn
I gotta make your conscience come to life
I will make it come to life
