Staring at the television
We can't believe what we're seeing
It seems a fiction, imaginary pain ~ a loud
scream
But everything is true ~ cause the reality too looks far

Don't suffer it is of no use
Don't cry ~ cause I'll do it too
Don't suffer it is of no use
Don't cry ~ cause I'll do it too
Reflect It could happen to you

I can't believe that the man is so fierce
Thousands of lights brightened up
In the dark night desperate souls walk on their broken
past
There are only dead bodies tormented by falling
flames from the sky
Many lives faded away
We stand still with hands in chains

Jungle so far is drawing on so quickly
Screams of pain spread to my ears
They make me deaf and impotent
Rage is growing in me
I see a suicide noose, the best remedy?

But that blood springing from their innocent veins
won't be wasted
I'm afraid, can't be indifferent
I can't live anymore, sources are going dry
I think that I can't paint my nails and uncover my
face
I'm not shaved, I'm only ashamed, nobody
knows I'm living
While I'm walking on these streets I hold my head
down

Hands in chains, we've got hands in chains
Hands in chains, we've got hands in chains
Hands in chains, we've got hands in chains
Hands in chains, hands in chains
