

Far From You "Falling Short Distances"

Visit "[Falling Short Distances](#)" on MotoLyrics.com

I refuse to let this be a faint memory of a love we used
to share

We used to share

The photo in my gallery is fading away

Fading away so fast

Slowly fading in my photo gallery

We'll look back and say "we were great together, we
could've gone forever"

Forever...

My heart is desperately calling

Calling out to you won't you help me see so I'll
remember

The height from which we have fallen

Calling out to you won't you help me see so I'll
remember

Won't you help me see so I'll remember

Somehow I'm gonna reach that place again

I've had enough of dying away and changing with the
seasons

We'll look back and say "we were great together, we
could've gone forever"

Forever...

My heart is desperately calling

Calling out to you won't you help me see so I'll
remember

The height from which we have fallen

Calling out to you won't you help me see so I'll
remember

And everything feels vaguely familiar

Now all the things that brought me here fall neatly into
place

And it seems that what doesn't kill you

Makes you stronger but I just can't seem to make it go
away

If I close my eyes
By your side
I'd never have to shine your light
Cause I'd be dreaming all the time
All the time I'd be dreaming

I've had enough of all the games I used to play
Suffering through all of it for no apparent reason

If I close my eyes
By your side
I'd never have to shine your light
Cause I'd be dreaming all the time
All the time I'd be dreaming
