(Verse 1)

I know that it can't be like this  
You gotta Trust me I'll show you the way  
just take my hand take a breath  
follow my steps  
I can get you away from this place  
Even though you broke my heart  
not even death can separate us  
you and me me and you  
Forever we go to the top  
Where we can see every star

(Chorus)

Your stuck to me like glue  
nothings gonna take me away from you  
i know that we could make this work  
all you have to do is try  
i just can't move on and leave you behind  
you got me feeling Mesmerized (mesmerized x4)

(Verse 2)

All the troubles and all the stress  
I want to get away from this big mess  
Believe in each other we can grow bigger stronger  
Im not gonna stop till i reach the top  
but Every time I turn around it feels like  
We are falling down I wanna be together forever you  
and me  
Me and you we got to the top

(Chorus)

Your stuck to me like glue  
nothings gonna take me away from you  
i know that we could make this work  
all you have to do is try  
i just can't move on and leave you behind  
you got me feeling Mesmerized (mesmerized x4)

(Bridge)

Don't care how long it takes  
oh you will love this place  
there's a chance that this might be x2  
Coming together finally  
I won't stop (won't stop)

(Chorus Finish)

Your stuck to me like glue  
nothings gonna take me away from you  
i know that we could make this work  
all you have to do is try  
i just can't move on and leave you behind  
you got me feeling Mesmerized Oh you got me  
mesmerized
