Don't wake me up  
And let my heart beat it out  
Yeah we're all misplaced, so lost in space  
But it's all good...

Fade out the sounds 'cause life is just a dream anyway  
But the day you stayed beside me is a dream that I  
can't see  
But it's all good...

Through our lives together  
We'll break our hearts together  
Watch it mold together  
Yeah baby...  
Baby, it's all good...

I can hear those broken hearts tonight  
If I could, I would heal them overnight  
I saw you again and you were everything  
And you are the one I lost

Through our lives together  
We'll break our hearts together  
Watch it mold together  
Yeah baby...  
Baby, it's all good...

Can you hear me?... yeah, it's all good  
Sweetness comes and goes and changes  
It's hurting now, but not for long  
Baby it's ok, yeah, yeah, it's gonna be alright  
I can feel my heart, it's trying hard to beat it out now

Through our lives together  
We'll break our hearts together  
Watch it mold together  
Yeah baby...  
Baby, it's all good...

Through love we breathe...
