If you've found me call my answer phone  
A play back to help the bruises glow  
I'm afraid to be alone right now

Thought I was still unborn  
But they've pulled me out and they've got me living  
Sometimes I'm so mature because my mirror image  
ages faster I...

Can't burn can't burn my blood  
Can't burn can't burn my God

Yeah... fluke  
Designer fetus is my name  
Designed by them to entertain  
Don't know how I can't explain  
They broke into my untouched brain  
Sent me out and left me there  
Never bothered to repair the damage they did so...  
Deny the things you know!  
Don't reply!  
I want to save you  
I want to save you  
I want to save you  
I want to save...  
Try to speak the truth to you  
But they've locked my brain and they've got me lying  
Try to give as much of me away but maybe I'm not big  
enough and I...

Can't burn can't burn my blood  
Can't burn can't burn my God

Thought I was still unborn  
But they've pulled me out and they've got me living  
Sometimes I'm so mature because my mirror image  
ages faster I...

Can't burn can't burn my blood  
Can't burn can't burn my God

I want to save you

I want to save you
