Come a little closer to me  
Hurt is in motion with me  
Calling out for all the things  
that I never had, never want, never need  
Used up emotions in me  
Some things will never...

I still see you every day  
You still make me cry  
You made my pain go away  
Now you make me want to die

Where are you now?  
Kinda feel that I'm lonelier inside

Come a little closer to me  
Hurt is in motion with me  
Calling out for all the things  
that I never had, never want, never need  
Used up emotions in me  
Some things will never...  
Disappear...

Now what am I supposed to do with all of these  
scars that are calling out your name?  
(And the feelings I have just don't respond)  
And I'm trying to put it all back together

I know I'll never let go  
Why aren't you looking for me?  
Or am I dreaming?  
Kinda feel like I've never had  
I'll never get to know what I never ever had

Come a little closer to me  
Hurt is in motion with me  
Calling out for the things  
that I never had, never want, never need  
Used up emotions in me  
Some things will never...

Come a little closer to me

I'm needing... All of you...
