Slowdown, gagged and bound  
You don't know what you've been taking  
No sound, dragged around  
You came down and you're still faking

Slowdown, gagged and bound  
You don't know what you've been taking  
No sound, dragged around  
You came down.....

I found myself on the cold streets of Memphis  
Seventeen and looking for Elvis  
I tasted oblivion as it shot through the heart  
Tripped and crippled, torn apart  
Daddy's little junkie offspring  
I don't want what they be taking

Here come the dreams and the vapour schemes  
Fun-time is real, but I know what it means  
This orchestra of thugs was never meant to be...more  
than static electricity

Take me now  
Jimi can't help me now

I found myself on the cold streets of London  
Never ever been so in need of someone  
Wasted and thin, shot full of hate  
Trapped and confused by the moods you create

Here come machines with the take-away dreams  
Sometimes its real but it's not how it seems  
It's not the way it was ever meant to be  
Here come the dreams and the baby screams  
Fun-time is real but you know what it means  
This comedy of drugs was never meant for me

Take me now  
Jimi can't help me now

Here come the dreams and the vapour schemes  
Fun-time is real, but I know what it means

It's not the way it was ever meant to be  
Here come machines with the take-away dreams  
Sometimes I feel like I know what it means  
This orchestra of thugs was never meant to be...more  
than static electricity

Take me now  
Jimi can't help me now

Believing I'm still dreaming I saw Elvis in Vegas  
Believing I'm still dreaming I saw Elvis in Vegas  
Believing I'm still dreaming I saw Elvis in Vegas  
Believing I'm still dreaming I saw Elvis...  
>>>Insanity on wings as your life falls away / Insanity  
on wings as your life falls away  
>> insanity on wings as your life falls away  
>insanity sings now

>>i wish i was clearer / i wish i was lost  
i thought i was nearer /i guess that i 'm not /Funny how  
we all seem  
to get in-between her >>well i really was sinking

well i really was sinking /well i really was sinking
