Oh yeah, that's the static that I dance around in  
Oh yeah, that's the haze I wanna,  
That's the haze I wanna keep around me

Solitude, it cuts me deep when I don't know just how I'm  
feeling  
If you were there then I would mend and I could better  
understand that riddle  
Red, red, the color that I keep sending to call you out  
But I don't know, I don't know...  
I don't know, I don't know...

So tell me if you're just a vision  
A cloudy mix of hidden meanings  
If you appear and disapper then I can never get to  
know that riddle  
Red, red, the color that I keep sending to call you out  
But I don't know, I don't know if you are there  
I don't know, I don't know...

Medicate my heart and steer it in  
Let you take your aim at me within

So baby hit that mark in me, mark in me  
I'll let you take a hold of me  
She gonna be...(Distort and come out)  
She gonna be...(Distort and come out)  
So baby hit that mark in me, mark in me  
I'll let you take a hold of me  
She gonna be...(Distort and come out)  
She gonna be...(Distort and come out)

She gonna be the one that makes me believe again  
She gonna be the one that makes me see again  
She gonna be the one that makes me real again  
She gonna be the one that makes me hum again  
She gonna be the one that makes me feel again  
She gonna be the one that makes me understand

So baby hit that mark in me, mark in me  
I'll let you take a hold of me

She gonna be...(Distort and come out)  
She gonna be...(Distort and come out)  
So baby hit that mark in me, mark in me  
I'll let you take a hold of me  
She gonna be...(Distort and come out)  
She gonna be...arriving here for me
