I wish I'd never met you
I wish I'd never met you
I wish I'd never met you
I wish I'd never met you

My lucky #10
Let me down again
My lucky #10
Supposed to be my friend
Stole my heart again

Yeah yeah no
My melody calls you out
Yeah yeah no
But everybody stayed home

I wish I'd never met you
I wish I'd never met you
I wish I'd never met you
I wish I'd never met you

My lucky #10
Let me down again
My lucky #10
Supposed to be my friend
Stole my heart again

Yeah yeah no
My melody calls you out
Yeah yeah no
But everybody stayed home

Yeah yeah no
My melody calls you out
Yeah yeah no
But everybody stayed home
Yeah yeah no
My melody calls you out
Yeah yeah no
But everybody stayed home
