Let those love sick souls take over
So moons they shine like lilac stones in summer
Girls and boys will show their feathers
Mixing waves that bring them close together

But you were there
Making raindrops in the corner
So sad 'cause someone made you feel so scared
"Nothing ever lasts forever" they said
"Things always, they always fade"

But baby don't you cry
I'm near you all the time
You're in my heart and mind
So don't you be afraid
I'll never let you fade
So baby don't you cry
I'm near you all the time
You're in my heart and mind
I'll keep my love the same
Forever and a day

Cotton candy clouds I gave her
So she could bend the rainbow rings around her
'Cause you're my girl and you deserve
the brightest colored dreams that I can get you

And I'll be there whenever you feel lost or lonely
Those tears, they only make you wet
Don't you let those cynics try and bring you down now
Understand, you're so pretty in so many ways

Oh baby don't you cry
I'm near you all the time
You're in my heart and mind
So don't you be afraid
I'll never let you fade
So baby don't you cry (Gonna fix your rainy heart)
I'm near you all the time (Gonna free your rainy heart)
You're in my heart and mind (Gonna see forever now)
I'll keep my love the same

Forever and a day

That story of how everything dies
It's fiction, made up by the hypnotized
Oh sweetness, can't you see it's never ending...

So baby don't you cry
I'm near you all the time
You're in my heart and mind
So don't you be afraid
I'll never let you fade
So baby don't you cry (Gonna fix your rainy heart)
I'm near you all the time (Gonna free your rainy heart)
You're in my heart and mind (Gonna see forever now)
I'll keep my love the same
Forever and a day
