(Smile)

Something that's innocent  
Is still something that makes me cry  
No wonder  
No one ever knows my name

Here we are: the next big thing  
(In reality that's not the way things are)  
Champagne dreams for pleasure victims  
(In reality that's not the way things are)

Nowhere to go  
Still waiting here  
The ones I know  
They don't want to know my name  
That's why no one knows my name  
That's why I don't know my name  
If I could hide all my dirty little secrets  
I'd be the one that everybody's wanting

Liar I got better gold than you  
(In reality that's not the way things are)  
Hear we're going up hear we're going up hear we're  
going up  
(In reality that's not the way things are)  
Liar we've been a whore like you  
(In reality that's just the way things are)  
Hear we're getting out hear we're getting out hear  
we're getting out  
(In reality that's just the way things are)

Something that's innocent  
Is still something that makes me cry  
No wonder  
No one ever knows my name

Beaten up a lot by everyone

Liar I got better gold than you  
(In reality that's not the way things are)  
Hear we're going up hear we're going up hear we're  
going up

(In reality that's not the way things are)  
Liar we've been a whore like you  
(In reality that's just the way things are)  
Hear we're getting out hear we're getting out hear  
we're getting out  
(In reality that's just the way things are)  
Liar I got better gold than you  
(In reality that's not the way things are)  
Hear we're going up hear we're going up hear we're  
going up  
(In reality that's not the way things are)
