Enter with the minus
I exist just to fuck you in my brain
Better to be vacant
All you've known can be easily thrown away

Good times
Good times
Good times
Good lies

Crash out and I'm speeding
Day for comas only just began
Get back don't fit in now
Being a band is a fucking waste of time

Good times (fucking waste of time)
Good times (fucking waste of time)
Good times (fucking waste of time)
Good lies

No
I got no medication
No
I got no medication

No
I got no medication
No
I got no medication

Day for comas
Day for comas
