Find me some time to believe in me

The cages that we adore
Keeps us cold
The silence held in her hand
A glorified smile
I need you to be there again
Just like some strange imaginary friend

I am numb like a beautiful dream
I am numb like a beautiful dream
I am perfect deformity
Following it over

The lifetime we get for free
Used and worn
The mind that we meant to heal
Faced and torn
The cages that we adore

I am numb like a beautiful dream
(I am numb like some sweet beautiful dream)
I am numb like a beautiful dream
(I am numb like some sweet beautiful dream)
I am perfect deformity
(I am numb like some sweet beautiful dream)
Following it over

I am numb
