Reproduced and lazy
Toilet trained and milk fed by all the T.V. screens
that I knew
You're perfectly protected
So real that I can't touch you
Oh I'll never let you go
I won't ever let you go

I always have these visions in my mind
Every time I'm hanging from my halo
I try
But I just can't be you
Had another conversation lie
Might be getting too big for my halo
I try
But I just can't be you

We're beautifully lost in space
Don't know where we got here from
I cannot seem to get me in touch
You must be so tired now

I always have these visions in my mind
Every time I'm hanging from my halo
I try
But I just can't be you
Had another conversation lie
Might be getting too big for my halo
I try
But I just can't be you

I've got a little of me in me still
I've got a little of me in me still
I've got a little of me in me still
I've got a little of me in me still

I always have these visions in my mind
Every time I'm hanging from my halo
I try
But I just can't be you
Had another conversation lie

Think I'm getting too big for my halo
I try
But I just can't be you
I'm looking but it's always through your eyes
I'm thinking but it's always in your mind
I'm only lonelier
'Cause all I am is a little bit of you

I got a little of me in me still
I got a little of me in me still
I got a little of me in me still
I got a little of me in me still
