It's alright...

There's nothing else to say yeah  
I love you is a cliché  
Don't know why I'm screaming  
I'm running out of feelings  
Every little problem  
Is tearing us apart yeah

It's alright I don't know where you are  
It's alright I don't know who you are  
It's alright I don't know what you know  
It's alright but please please don't go

(Super lover!?)  
Live in my mind, live in your mind  
It's alright I don't know where you are  
It's alright

Think you're kind of selfish  
Maybe kind of stylish  
Kind of have a feeling  
You're never coming back now  
Woke up but I'm dreaming  
And now I'm tired of sleeping  
Feeling cheap and disgraced  
But also kind of special

It's alright I don't know where you are  
It's alright I don't know who you are  
It's alright I don't know what you know  
It's alright but please please...  
It's alright I don't know where you are  
It's alright I don't know who you are  
It's alright I don't know what you know  
It's alright but please please don't go

O.K. alright  
O.K. alright  
O.K. alright  
O.K. alright
