Boom to the mind, hit the nail, grip the leash  
(I'm crawling out you now)  
I'm gonna kill the very thing that gives you life  
(I'm crawling out you now)  
I'll inject a better ride...pharmacy and leather  
(I'm crawling out you now)  
Twisted in a dark machine crashing through the stream

Took apart the heart that stopped and dropped the pill  
inside  
(I'm crawling out you now)  
You're trapped and you can't leave this (I'm crawling  
out you now)  
My gene, so pristine and obscene (I'm crawling out you  
now)  
You're trapped and you ain't breathing (I'm crawling  
out you now)

I sink the God in you  
I feel energy as I bleed

Turn the needle on muthafucka turn the needle on...  
Turn the needle on muthafucka turn the needle on...

I sink the God in you  
I feel energy as I bleed

I see your world fall apart  
I see your world all fucking fall apart  
I see your world all fucking fall apart  
I see it...I see it...I see it all, all, all

So I made it for you!  
So I made it for you!
