With you
I feel
So strong
Naturally
I am
Information
There's a lot of things in my mind
A lot of things that I need to leave
Don't take my feelings from me

Just me
Not you
That was born
From our hurt
I need
Inspiration
There's a lot of things in my mind
A lot of things that I need to keep
Who are you?
Who are you?

You disappoint me
I had to see you turning and walking away
Just reassure me
And I'll be waiting for you
I should be waiting for you my friend

So farã€€So farã€€So farã€€So very far

You disappoint me
I had to see you turning and walking away
Just reassure me
That I'll be waiting for you
I should be waiting around for you
So disappointed
I have my fears running, running away
Away, away, away
