She is so used and pure
Deformed and beautiful
She doesn't need a cure
So cruel and wonderful

I'll glow for you
Hold onto you
I'll need no sympathy
When I'm your yesterday
If you want me to
I'll bleed for you
I'll need no sympathy
When I'm your yesterday

Break it down
Break it down
Break it down
I'll break it down

Break it down
Break it down
Break it down
I'll break it down

This is my song to you
I hope that it helps you breathe
My thoughts and my memoires
Locked up in these melodies

I'll glow for you
Hold onto you
I'll need no sympathy
When I'm your yesterday
If you want me to
I'll bleed for you
I'll need no sympathy
When I'm your yesterday
