Brave, yeah I know
Burn a mark when you let me go
It's like you don't even own what you're selling me
Clock time down this empty street all alone
All alone
I've never given it up this way
Never given it up this way
Now please stop and know that you're running me
rapid
I've really got to try for this
Try for this
Boy, let's sit on your carpet
I really want a chance
And let go of your body
Vasey ya hey
They won't find us if we get lost on the road
Boy let's sit on your carpet
I really want to dance
And hold my body
Vasey ya hey
They won't find us, so get lost and go.
