Waiting

It's past one o'clock and I'm out of time

Can't undo the lock and no key to find

Looking all around at the station

Are we frozen?

Failing

To understand how I can hear your mind

Racing on and on through the years of time

Future is their home and I need to

Get back to mine

Listen, I've done this often

I've never had an issue with this machine in motion

The clocks in the walls are numb

And I've been waiting here for so long, so long

Listen, I've got a problem

And you're the only one who knows this room has a
function

Stay eighty years ahead

And live this life without you instead

Failing

To understand how I can hear your mind

Racing on and on through the years of time

Future is their home and I need to

Get back to mine

Listen, I've done this often

I've never had an issue with this machine in motion

The clocks in the walls are numb

And I've been waiting here for so long, so long

Listen, I've got a problem

And you're the only one who knows this room has a
function

Stay eighty years ahead

And live this life without you instead

Listen, I've done this often

I've never had an issue with this machine in motion

The clocks in the walls are numb

And I've been waiting here for so long, so long

Listen, I've got a problem

And you're the only one who knows this room has a
function
Stay eighty years ahead
And live this life without you instead
