You gotta act now, don't wait till it's over,  
Cause all we have is right now.  
Hold my hand as we get lost in the darkness,  
All we have is right now.

You gotta act now, don't wait till it's over,  
Cause all we have is right now.  
Hold my hand as we get lost in the darkness,  
All we have is right now.

Don't turn on the lights  
Yeah time to go  
Don't turn on the lights  
We still got so much more  
Don't turn on the lights  
Yeah time to go  
Don't turn on the lights

You gotta act now, don't wait till it's over,  
Cause all we have is right now.  
Hold my hand as we get lost in the darkness,  
All we have is right now.

You gotta act now, don't wait till it's over,  
Cause all we have is right now.  
Hold my hand as we get lost in the darkness,  
All we have is right now.

Don't turn on the lights  
Yeah time to go  
Don't turn on the lights  
We still got so much more  
Don't turn on the lights  
Yeah time to go  
Don't turn on the lights  
We still got so much more

Don't turn on the lights...
