

Fever Fever "Far From Home"

Weâ€™ve hung up our harps
But the music donâ€™t stop
Because you sang a song, deep in our hearts
We sing to the stars
But they donâ€™t sing back to us
No they donâ€™t sing back to us
They just point on and on and on

Weâ€™ve hung up our harps
But the music wonâ€™t stop
Because you sang a song, deep in our hearts
We weep by the shores
But the river runs calm and still
The river runs calm and still
And it flows on and on and on

Oh weâ€™re so far from home

Oh weâ€™re so far from home
