It is friday evening and a friend of mine says: "Come  
I am giving just a party with some girls and lot of fun"  
And I tell him "That's exciting and be sure I'm not too  
late,  
That will be a gourgous event I'm coming after eight"

I say: "Hey, what a day, it's ok!"

So I'm searching for sharp clothes, just an outfit, that's  
a hit  
and I find my real cool zoot suit and I hope that it would  
fit  
Cause I've trained my stunning body eating just a little  
more  
But I feel that I'm a hammer, it's my belly I adore.

I say: "Hey, what a day, it will splay"

I'm entering the ballroom, cool glasses on my face  
heading through the people, trying to amaze  
Detecting there's a chicken in the middle of the room  
With some pickles in her face, but no warts and with no  
broom

I say: "Hey, what a day!"

I move my body shaking my ass,  
I'm sleding 'round with charm and with sass  
I'm getting hotter making the wave  
fixing the girl and the way I've to pave

I'm coming closer, now I am near  
Trying to say: "Hello", I see that she can't hear  
I'm using my whole body to tell her what I want  
You think she understands now, but I have to add, she  
don't

I'm starting jumping to sharpen her sense  
I'm starting shaking my head a few tens  
Like a vulcano I'm exploding and then  
I keep on jumping again and again

Oh, shit! What the hell! My trousers are torn! Oh,  
damned!

Risking only glances at the people all a around  
I can see that they have realized this amazing coolish  
sound  
And I know that they're happy cause they're able now to  
see  
That I wear a ripping slip coloured pink and for a she!

I say: "Hey, what a day, that's ok!"

Really? I think so. Ok. If you mean...
