"Between Hello And Goodbye"

I love the way you look at me
When you want me to hold you
And I love the way it feels when you place
Your arms around me
Because of you I have known both
Happiness and heartbreak

You always have to leave
You always have to leave
And I can't promise you
Something you want me to

Beaches and parks, the shade of a tree
Hot days and hot nights
I've held your hand and I've watched you sleep
When your arms are half cried
There never is much time between
Hello and goodbye

You always have to leave
You always have to leave
And I can't promise you
Something you want me to

Something that I
Do not believe
That I don't believe

You always have to leave
You always have to leave
And I can't promise you
Something you want me to
