I believe
As long as we-
Two are in the world We'll be together
Time goes slow when we're apart
And wizzes by
When we're with one another

I know
The feelings change
But even those you think'll stay
But don't always
Can go away
I do
I really do know for the best
I believe this love's to stay
I believe our love shall remain

I know you should be home
Home is far from where I am on this night
It is only
A matter of
A sense you wont know holding me down

I know
The feelings change
But even those you think'll stay
But don't always
Can go away
I do
I really do know for the best
I believe this love's to stay
I believe our love shall remain

The night before
Christmas comes
We're sad, we are apart
We are so often
Earlier on
Today we kissed
Kissed goodbye
Goodbye in central london

I know
The feelings change
But even those you think'll stay
But don't always
Can go away
I do
I really do know for the best
I believe this love's to stay
I believe our love shall remain
