Another late night  
Back from the other side of the wall  
It's been a long, long day

Woman it has hit me  
I want to go see her and  
Tell her what I've done

(As we agree to co-  
To cover our feelings  
One another for)

Thinking are we  
Are we passing up something we  
Something we should not?

This friendship is  
This friendship is forever and ever  
This friendship is  
This friendship is forever and ever  
The thing will break it up not ever  
Break it up not ever

You, you was scared this day  
(Fell in for) fall from your  
Pretty eyes of blue

Now it is me who's upset  
You're holding me close  
I am ever so confused

Few things aside, a side  
Didn't we, did not we  
Have a good, good time?

I'm not going to say sorry  
To her I'm not  
I am not going to lie

This friendship is  
This friendship is forever and ever  
This friendship is

This friendship is forever and ever  
The thing will break it up not ever  
Break it up not ever
