Why is it they cannot see any love this precious?  
It really does anger me, that they disapprove of this  
Love.

This love is as good as any other  
As good as any other  
This love is not wrong  
Not wrong  
Not wrong

Why is it that they knock something so special?  
If only they could see when you touch me I tingle

This love is as good as any other  
As good as any other  
This love is not wrong  
Not wrong

Not wrong

Why am I letting them get to me?  
Those who don't understand that only good things can  
Come from what we feel for one another  
At the moment, at this point in time

Why is it that this love we have upsets them?  
Why is it that they find this love upsetting?

This love is as good as any other  
Says one woman to another  
This love is not wrong  
Not wrong  
Not wrong
