I hear my name,
It's coming from outside
I wander off,
To try dig for some light
What's happened to my mind?
What did you do to it?
I know that I said I would do it,
But it hit me I don't want to do it,
Who knows it could be a dead end
Am I a robot?
I know I can think for myself
It's a battlefield,
Quick we need a plan
All my moves, you wouldn't understand
I could do with a lucid sky,
Shine down a spotlight
You can take it back
