Chorus:

There ain't no sunshine when she's gone
It's not warm when she's away, yea
ain't no sunshine when she's gone
and she's always gone too long
anytime she goes away

Verse 1:

I wonder this time where she's gone
I wonder if she's gonna stay
There ain't no sunshine when she's gone
and this house just ain't no home
any time she goes away
see i know i know i know i know
see i know i know i know i know
see i know i know i know i know
see i know i know i know i know
Hey, i gotta leave that young thing alone
see i know i know i know i know
you gotta leave that young thing alone

Verse 2:

got you on speed dial, cos you ain't ever really come
home now
always out on the town, having strange men come and
buy you rounds
and you wonder why i get faded, pupils all dilated
ever thought that the shit that you pull could co-inside
with my arrangements
like i ain't got shit to do, and cos I'm a man I'm gon'
stand and take it
wanna take truth, truth a bitch she's (always better
when she's naked)
so addicted to that fucking lime light and that dirty
change
love you when you're sober though, that's what we
should celebrate
Tell me baby where you at when you leave at six and
you don't come back till two
Drinks on your breath where you out there in the street
with the fiends putting that heat to spoons
tell me what's that belt doing on the floor if you say

you're innocent
and that washed up bag looking all suspicious laying in
the sink
You're so vain, you probably think this song is about
you, don't you, baby
You're so lame, of course the damn song is about you,
baby
