Refrain:

We're on the radio, Go and sing along
We about to blow up don't take it wrong
Get the mic ready, get the stage ready
get the cam, get yourself and the crowd ready

Kc Philly:

Can anybody tell me if I'm on a dream
Hot fine lady standing right next to me
Louis purse and she'll be on some high heels
Damn! girl you look good with em' hot wheels

Flyer than the Flyest, Cooler than the Coolest
Body so fine AYE! girl you the baddest
Make me wanna take you to my palace
and offer you a ring and make you my queen!
WOAH! Girl you're my world
Like Romeo and Juliet we'll fight till the end
Me and You like Reggae and Marley
W E, we can never be divide - E - D

Chorus:

She stuck in my head like a love song on replay! Ay 3x!
She stuck in my head like all the time of the day! Ay 3x!
She stuck in my head like all those three words she

That girl is so amazin'. She like a star that blazin'
She stuck in my head, She stuck in my head, She stuck

It ain't that easy like me counting 1, 2, 3

Our love is a rhythm a song in a melody

You sting my head like crazy like a bumble bee
I don't need anything as long you're with me
I'll be there when you call and that's guaranteed
So come and fly with me, c'mon and dance with me.
Mah heart is bouncing like you singin' Do Re Mi

1 universe!
8 planets!
204 countries!
809 islands!
7 seas!
6 billion people in the world!
and my heart still told me it's you

It's you girl!
You know that!
