Well hey baby, listen  
You got me twistin'  
Watchin' you sippin' on that drink  
I saw you smile back  
And I didn't miss that  
It's on a little later on wink  
And your song comes on, you dance along  
I can't believe how bad you got me like

Dayum baby dayum baby dayum  
I love standin' here watchin' you breakin' it  
Down baby down baby down  
You keep pullin' me in when you're spinning  
Around baby 'round baby 'round  
I can see you'll probably be  
Keepin' me up all night  
Yeah but that's alright  
'Cause girl you got me like  
Dayum baby dayum baby dayum  
Yeah you got me like  
Dayum baby dayum baby dayum

Baby you're rockin'  
You got me locked in  
I know that you're dancin' just for me  
If you wanna go then  
We'll get to rollin'  
'Cause I'd love to sweep you off your feet like

Dayum baby dayum baby dayum  
I love standin' here watchin' you breakin' it  
Down baby down baby down  
You keep pullin' me in when you're spinning  
Around baby 'round baby 'round  
I can see you'll probably be  
Keepin' me up all night  
Yeah but that's alright  
'Cause girl you got me like  
Dayum baby dayum baby dayum  
Yeah you got me like  
Dayum baby dayum baby dayum

Yeah if you wanna take me home and turn it on  
You know I'm there 'cause girl I swear

Dayum baby dayum baby dayum  
Hmmm... gonna let your long hair  
Down baby down baby down  
We'll be lovin' 'til the sun comes back  
Around baby 'round baby 'round  
I can see you'll probably be  
Keepin' me up all night  
Yeah but that's alright  
'Cause girl you got me like  
Dayum baby dayum baby dayum  
Yeah you got me like  
Dayum baby dayum baby dayum

(Girl you got me like dayum baby,  
I ain't talkin' 'bout call me maybe,  
I'm fallin' talkin' crazy,  
But I gotta call a spade what a spade is,  
Baby girl now you my queen,  
I got a pocket full of aces,  
I'ma get you hot, I'ma fly you to your favorite places,  
Chasin' your dreams, so real that you can almost taste  
it,  
I'ma take you back to the basics,  
We gon' cover all of the bases,  
And I'ma lay you down and take my time 'til you can  
hardly take it)

Dayum baby dayum baby dayum
