When you got a rockin' chair on your front porch
Tip it back
When you got a Georgia Bulldog ball cap
Tip it back
When you're parked back off a dirt road in your
girlfriend's Cadillac
Find that button on the front seat
And Tip it back.

Aw yeah

Yeah, if you had a long day or a long week
Grab a longneck if you're with me
Come on now, holler "Hell yeah"
Cause tonight we're here to party
And don't worry about anything except what's in
your glass
Whether it's a cold beer, tequila, or a double shot of
Jack
Yeah, all you need to do tonight is tip it back

Tell 'em bout it BK

When that barkeep brings you change just
Tip it back
When you're two-steppin' with your baby, man
Tip her back
When you don't get paid 'til next week but you need
some drinkin' cash
Find that coffee can stash and
Tip it back.

Come on baby

If you had a long day or a long week
Grab a longneck if you're with me
Come on now, holler "Hell yeah"
Cause tonight we're here to party
And don't worry about anything except what's in
your glass
Whether it's a cold beer, tequila, or a double shot of

Jack
Yeah, all you need to do tonight is tip it back

Put that bottle to your lip, take a sip, man
Tip it back
Tie a cherry stem knot with your tongue, girl
Tip it back
If you like a pineapple coconut rum, baby
Tip it back
If you got a homegrown moonshine flask, yâ€™all
Tip it back

Come on

If you had a long day or a long week
Grab a longneck if youâ€™re with me
Come on now, holler â€œHell yeahâ€
Cause tonight weâ€™re here to party
And donâ€™t worry about anything except whatâ€™s in
your glass
Whether itâ€™s a cold beer, tequila, or a double shot of
Jack
Yeah, all you need to do tonight is tip it back
Yeah, all you need to do tonight is tip it back
Yeah, Tip it back
Yeah, Tip it back
