The queen behind the veil is mindless  
Depraved and without love and kindness  
The song she sings  
Has lost its soul

The king is busy with his plot  
Promises of love forgotten  
The words are bold  
But without soul

So  
A stranger comes to town  
With a promise of salvation  
For those about to drown

Smile while you carry on  
You know that the thrill is gone  
You smile until the light goes down  
It's the nature of the game

Rising banners on navy skylines  
You're cold  
(Each and every day gets colder, no remorse for  
drowning souls)  
But you carry on  
(He is just a king who lost his marbles and his mind)

The queen is silent and alone  
He built her a prison that he calls home  
Dreams at night are crude and cold as love grows old

The king is gathering all his men  
Reverted back to sword from pen  
A genius lie  
But it drowned in cries

So  
A stranger comes to town  
With a promise of salvation  
For those about to drown

Smile while you carry on

You know that the thrill is gone  
You smile until the light goes down  
It's the nature of the game

Rising banners on navy skylines  
You're cold  
But you carry on

So  
A stranger comes to town  
With a promise of salvation  
For those about to drown

Smile while you carry on  
You know that the thrill is gone  
You smile until the light goes down  
It's the nature of the game

Rising banners on navy skylines  
Cold  
(Each and every day gets colder, no remorse for  
drowning souls)  
Carry on  
(He is just a king who lost his marbles and his mind)

Rising banners on navy skylines
