Trainride, dreaming the day away
Slowride, (go) passing the gardens
Travel, room for my mind to play
Mindgames, ('bout) life of the others

Now get movin', pack your suits and ties
One more airport, feel the rush of life
Speed forever, waiting in the queue
All I wanna do is be with you

Send me over the ocean
I am lonely
A man of the world and emotions
Sleepless under the moonlight
I get homesick
I traded the world for the blue skies

Ghostflight, losing the hours
First glass, lonesome and tired
Day or night, it all looks the same to me
Cab ride, pick up some flowers

Time to move on, pack your suits and ties

One more airport, feel the rush of life
Speed forever, waiting in the queue
All I wanna wait, is wait for you

Send me over the ocean
I am lonely
A man of the world and emotions
Sleepless under the moonlight
I get homesick
I traded the world for the blue skies

Daydream, life on the seaside
Angel, give me the big smile
Frame by frame, life in slow motion
Sunkissed, down to the ocean
Lose it, letting the pressure go
Sinking into the blue...

Send me over the ocean
I am lonely
A man of the world and emotions
Sleepless under the moonlight
I get homesick
I traded the world for the blue skies
