[verse]

What am I to do all by myself?  
When will the hurting be through?  
I didn't ever choose to feel this way  
Look I'm so lost and afraid  
But then you picked me up and pointed out the way  
Shook away the hurt and the pain  
Love is not a game people play  
You've made me realize there's so much love in me

[refrain]

You are the angel of my heart  
I knew it from the start  
You took away the tears  
And brightened up my heart  
You know I never thought I'd love again  
You are the angel of my heart

[verse]

When I'm close to you, I can't explain  
The sun shines bright everyday, oh baby  
Can't believe it's true, I'm in a daze  
It's something words can't explain  
Because you picked me up and showed me there's a  
way

To wash away the hurt and the pain  
You've made me realize that it's okay  
I've kept so much inside, you've brought it out of me

[repeat refrain]

[bridge]

I know I'll never need no one else  
Something I've never felt  
And my heart's overwhelmed  
I never thought I could feel this way  
Now I see, you were meant for me  
[repeat refrain till fade]
