I let it slide, I let it slip on by
Giving you one last try to kill it with the eye

New day same shit occurred in this time
I was asked what I was looking at not knowing he was
grassed
This spark the beef and
I was gonna finish it off but turns out
This nigga was soft he got
Afraid from the way about the stance glancing to my
left and right
Put a basket a man insight
He'll see the whole thing if I decide to do a buckwild
move
So what I turn it in shall I choose, ha!
Fire my steel and take the chance
Of being bagged and ship up north for a long long ?
I ain't for it so I flash the cloud
He saw the nickle plate
Almost having a day to die
I wonder why
Chumps want to pick on I
They be like setting it off
And I be letting it slide
I don't know what they be seeing
But one time in a conflict
I flip, turn into an unstable human being

I let it slide, I let it slip on by
Giving you one last try to kill it with the eye

When I'm flowing with my girl I feel it the most
Beef coming so close like a champagne toast
On the train, in the city, down the way
Down her way, I take it upon myself and say niggas is
gay
What you trying to prove?
Can't move him out and with a stare
But when a brother pull a trunk and sink it ain't fair
Two wrongs don't make a right
But the philosophy of a fight, fella
Used to prolong you life, I

Rolled like it was enemy
Why would you pretend to be
Some motherfucker men is to fight to kill Kenney, I
Be rappin' son's trying flamboyant and
Put on a smurf 'cause you staring is annoying and
No matter how much I try to avoid noise from feeling in
with bad day
Starring in my grill again
Or try to hypnotize with the eye starring
Retinified be tearful, to your family lives a day
No fronting because you couldn't stop my glock so
Time ran out 'cause you punch your own glock

I let it slide, I let it slip on by
Giving you one last try to kill it with the eye
