How can you say your life is empty?  
So late in the day  
Why would you stay another second?  
Now your sight got in the way  
A combination of love and aggression  
Another second lived

Don't paint the silence black now save me  
(Paint the silence)  
Don't leave it a day  
You got a right to stand or die so maybe  
(Paint the silence)  
You take chances all the same  
Pain comes in stages, if we don't make it  
Nothing changes

Now the violence sleeps inside  
Abandoned feelin' for just a piece of mind  
It's the reason why your teethin' side frustrates me

Now the violence sleeps inside  
Abandoned feelin' for just a piece of mind  
It's the reason why your teethin' side irates me

Don't leave me to pick up on your questions  
(Paint the silence)  
Not even a day  
It's alright to finish up your sentence  
(Paint the silence)  
You talk all the same  
Pain comes in stages, if we don't make it  
Nothing changes

Now the violence sleeps inside  
Abandoned feelin' for just a piece of mind  
It's the reason why your teethin' side frustrates me

Now the violence sleeps inside  
Abandoned feelin' for just a piece of mind  
It's the reason why your teethin' side irates me

Paint the silence

Paint the silence

Now the violence sleeps inside

Abandoned feelin' for just a piece of mind

(Paint the silence)

It's the reason why your teethin' side frustrates me

(Paint the silence)

Now the violence sleeps inside

Abandoned feelin' for just a piece of mind

(Paint the silence)

It's the reason why your teethin' side irates me

(Paint the silence)
