I was the picture on your wall  
Near your bed and collection of coffee mugs  
Be the one to let you fall  
When you just want a little  
(I just want a little bit more)

I'll see you when the room stops spinnin'  
I'll see you in that dream with the garden again  
I'll see you in a hundred places if you let me in

Say you wanna' get high  
We heard a brand new song  
We're playing it loud tonight  
Kiss your lips when it feels right  
I, I, I..  
Know, oh, oh  
I'm on the wrong end of this telephone, oh, oh  
Hold your breath 'til I come home

Yeah  
I was the reason you left town  
Took your car and your bags of designer clothes  
Be the one to get you back  
And you'll just drink a little  
(and I'll just drink a little bit more)

I'll see you when the room stops spinnin'  
I'll find you in the maze that we're all living in  
I'll see you at your brother's wedding where you'll say,  
"What if?"

Say you wanna' get high  
We heard a brand new song  
We're playing it loud tonight  
Kiss your lips when it feels right  
I, I, I..  
Know, oh, oh  
That I'm on the wrong end of this telephone, oh, oh  
Hold your breath 'til I come home

I'll see you when the room stops spinnin'

I'll see you in that dream with the garden again  
Well I could take you to a million places if you let me in

Say you wanna' get high  
We heard a brand new song  
We're playing it loud tonight  
Kiss your lips when it feels right  
I, I, I..  
Know, oh, oh  
I'm on the wrong end of this telephone, oh, oh  
Hold your breath 'til I come home

Yeah  
'till I come home  
'till I come home
