If you are a river, I am a sinking stone
We lost sight of our youth with room left for us to grow
When we left the city, green lights had turned to gold
I feel light as a feather and you feel your blood run
cold

I know you got a one track mind
I ain't here to waste your time
Cause we're coming up
And I don't wanna come back down
We're coming up
And nothing's gonna stop us now

You count the headlights, I'll count the shooting stars
We've got all that we need to find our way out of the
dark
When we were both younger soldiers, when we
laughed at everything
When we hit the pillow faster than kids on the ecstasy
We told them our story in an accent but they knew
where we were from

I know you got a one track mind
I ain't gonna waste your time
Cause we're coming up
And I don't wanna come back down
We're coming up
And nothing's gonna stop us now

I don't want to, I don't wanna let go
In the end, the whole world is quiet
Let's pretend where we're going we don't have to stop
I don't want to, I don't wanna let go

And I don't wanna come back down
No I don't wanna come back down
Cause we're coming up
And nothing's gonna stop us now

I don't want to, I don't wanna let go
No I don't wanna come back down

I don't want to, I don't wanna let go
I don't want to, I don't wanna let go
I don't want to, I don't wanna let go
