Where did you go when you hit your bones?  
Baby, are you smiling?  
It's been a long, long time, been a long summer long  
And I've been waiting  
Don't miss a beat on decision street  
Everybody's singing to the same old songs  
It's been a long, long time, been a long summer long  
And I've been waiting  
For you to come home

Home is where the heartache is  
You're my way out, I'm not staying  
No, and I'll never forget  
You always said  
Let's run away baby, let's go  
The California coast don't wait for no one  
And I hope that the heartache ends  
You can fake that smile, but can you fake this kiss?

Where did you go? Did you lose control?  
Baby, are you trying?  
It's been a long, long drive, been a long summer night  
And now I'm wasted  
You were looking so sweet lying next to me  
Now I only hear you when you're on the phone  
It's been a long, long night, been a long summer long  
And now I'm waiting  
For you to come home

Home is where the heartache is  
You're my way out, I'm not staying  
No, and I'll never forget  
You always said  
Let's run away baby, let's go  
The California coast don't wait for no one  
And I hope that the heartache ends  
You can fake that smile, but can you fake this kiss?

Can you fake this kiss on your lips?  
(Woah, oh)  
Gotta feeling like this

(Woah, oh)  
Can you give me that wish?  
(Woah, oh)  
Yeah, can you give me that wish?

Let's run away baby, let's go  
The California coast don't wait for no one

Home is where the heartache is  
You're my way out, I'm not staying  
No, and I'll never forget  
You always said  
Let's run away baby, let's go  
The California coast don't wait for no one  
And I hope that the heartache ends  
Let's run away baby, let's go  
The California coast don't wait for no one  
And I hope that the heartache ends  
You can fake that smile, but can you fake this kiss?
