Time and time, I thought through it all  
How we loved and loved  
And how we fought each other pushing one another  
To be somebody else

And time and time, the rest of my thoughts  
Uncertain if the end was right or wrong  
And whether we still should be together  
Or with somebody else

Pre Chorus:  
A lost memory she had water in her eyes  
She cried, stay with me and asked how can this be love  
If you are leaving me  
But darling love's to blame

Chorus:  
And I can't see you right now 'cause my heart just  
can't take it  
Can't be near you right now  
'Cause I know you're no longer mine I can't see you

It makes me ache that we had to break  
Even though I knew your heart so well  
We're strangers in different places  
Though we live a mile apart

My best friend's gone, my world has been torn  
We'll never share a name never be one  
But I will always remember  
The years we spent in love

I still think of you  
I pray that you are safe  
I'm still missing you  
But it has to be this way 'cause  
I'm not right for you  
And that's why love's to blame

Chorus 2:  
And I can't see you right now 'cause my heart just  
can't take it

Can't be near you right now  
'Cause I know you're no longer  
And I can't see you right now 'cause my heart just  
can't fake it  
Can't be near you right now  
'Cause I know you're no longer mine  
And I can't see you  
No I can't see you  
I just can't see you right now

Bridge:

But maybe time will heal our hearts  
And maybe after time you'll understand  
I said goodbye 'cause I love you

Chorus 2

No I can't see you  
I just can't see you  
I just can't see you right now  
And love's to blame
