This is war  
I won't die without a fight  
War  
I'll never run I'll never hide  
Sworn  
With every breath that's left in me  
I will never except defeat

My life has been an endless inglorious  
War  
Over good and the evil I  
Fear  
Will accompany me to the end of time  
When my enemies block out the sun

To the birds in the sky I am weak  
To the ones that don't know they can't see  
To the birds in the sky

Chorus  
Wake me up  
Well before the morning comes  
I may have to give my life today  
And I can see a perfect storm is already on it's way  
And I pray for the souls of a world at

War  
I won't die without a fight  
War  
I'll never run I'll never hide  
Sworn  
With every breath that's left in me  
I will never except defeat

Whoa... repeating

Oh my God  
My eyes have seen a perfect and wonderful  
Piece  
Of what could have been possible  
Charged

Of losing purpose oh what have we done  
What have we done

Chorus

Wake me up

Well before the morning comes

I may have to give my life today

And I can see a perfect storm is already on it's way

And I pray for the souls of a world at war

Oh my God

Hold me close

In this fight

I need you more
