Scared shaking my teeth  
Loose these walls are closing in on me.  
Come on.  
Dropped jaws as they watched us sinking,  
into the sand where they know it should be.

What could they say?  
We've been here too many times  
and this is what I am  
But I'm still trying  
to change my past  
I've let so many down in my life,  
so many hearts left astray.

You'd bleed for me, but I'd die for you.  
We're all wrong, come on!  
This is what I am  
but I'm still living with your ghost.

I only wish you the best

Scared shaking my teeth  
Loose these walls are closing in on me.  
Dropped jaws as they watched us sinking,  
Into the sand where they know it should be.

Is this what you, had hoped for?  
I'm sorry to say, that I want you to be free  
Go on be with him  
I'll die as no hero  
And I'm the victim of betrayal

Can you see them now watching you?  
Feeling everything  
Well I'm sorry to say this is goodbye

I only hope for the best.  
(Dropped jaws as they watched us sinking)  
And the best is  
(Into the sand where they know it should be)  
Just say goodbye.  
Say goodbye.

(Dropped jaws as they watched us sinking...)
